aisma

association of independent specialist
medical accountants

At the heart of medical finance

AISMA accountants currently advise in the order of 10,000 GPs in 2,500 practices across the UK, as well as salaried GPs, locums, specialists and consultants.

To qualify as an AISMA accountant, members must meet demanding requirements set by the Association. These include regular peer reviews to ensure standards continue to be upheld.

As a result AISMA accountants are amongst the best advisers on the accounting, finance, taxation, practice management and pension issues affecting doctors today.

To find your nearest AISMA accountant visit www.aisma.org.uk
